

INTRODUCING

# Cannabis-Related Business (CRB) Data

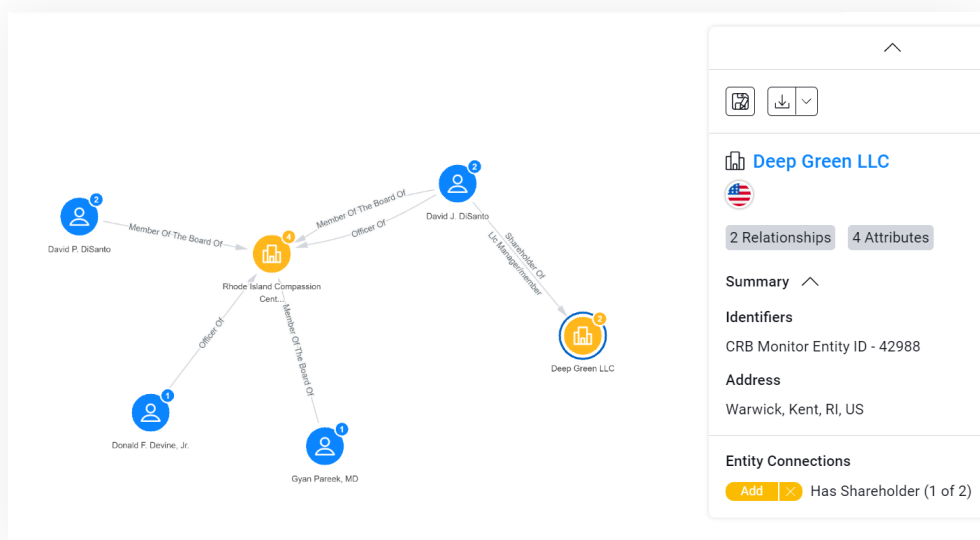

SAYARI GRAPH

- Providing insight into rapidly evolving cannabis and marijuana markets.

To comply with internal controls, local regulations, and national laws regarding cannabis and marijuana-related businesses (MRBs), organizations need visibility into the commercial entities engaged in the cannabis trade.

Sayari has partnered with CRB Monitor, a cannabis-related business data source, to provide a clear list of:

- Organizations licensed in the U.S. and Canada to cultivate, produce, process, manufacture, test, wholesale, deliver, and/or dispense various forms of cannabis, including marijuana and marijuana-derived products
- Owners, executives, shareholders, and other key details related to cannabis-related enterprises
- Original records from licensing authorities as well as press releases, enabling immediate access to official and supporting source documents

Cannabis-related business Deep Green LLC and its associated parties in Sayari Graph

Identify CRBs and MRBs in your network and make more informed decisions about maintaining business relationships, introducing new risk management protocols, and/or completing required reporting – all with CRB Data, now available in Sayari Graph.
